

PCB Mount Reed Switch

Product Name	Normally Open Reed Sensor	Item No.	SZFAST-G
---------------------	---------------------------	-----------------	----------

Switch Circuit	Switch Form	Built-in reed switch	Feature: 1. Operated in magnetic field. 2. Sensitive distance is optional 3. 2 pins Advantages: 1. Easy installation. 2. Passive switch, no need outer power 3. It can cut through any non-irony materials.
	Form A	RI-80 $\phi 1.8 \times 5 \text{mm}$	

Contact Form	1A SPST-N0	Breakdown voltage	230V
Contact Materials	Ru	Contact capacity	0.45pF
Contact Load	5W	Insulated resistance	$10^{12} \Omega$
Max. switching voltage	DC200V/AC140V	resonant frequency	21.3KHz
Max. switching current	0.35A	Work temperature	-55°C ~ +100°C
Max. contact resistance	140m Ω	Pull in value	AT9-15
Approve	Drawing	check	version release
ROHS\REACH\ICE	Yan Guo	Leo Li	2012-1-30
